

## Bureau of Environmental Health and Radiation Protection

"To protect and improve the health of all Ohioans"

# Power Outage in a Food Service Operation

#### I. Assessment

In the event of an interruption of electrical service in a food service operation, appropriate responses must be taken after an assessment of multiple factors, including but not limited to:

- The complexity and scope of the food service operation;
- The duration of the electrical service interruption;
- The impact on critical infrastructure and services (example: refrigeration equipment); and
- The availability of alternative procedures that can be used to meet the Ohio Uniform Food Safety Code.

#### II. Response

The following are temporary alternative procedures that may be considered to address specific affected food service operations during an extended interruption of electrical service:

- Cold Food Holding: Refrigeration equipment is inoperable.
  - Alternative procedures:
    - Keep refrigeration/freezing equipment doors closed.
    - Note the time the power outage begins. Refer to the food lists on pages 3-4 in this document for disposition of Time/Temperature Controlled for Safety (TCS) food, and discard foods as applicable.
    - Pack TCS food in commercially made ice or dry ice (use precautions for using dry ice by using insulated gloves and venting the area before entering).
    - Relocate products in cases to walk-in boxes, freezers, or refrigerated trucks if safe temperatures cannot be maintained in the cases.
    - Do not put hot food in refrigeration equipment.
- Ventilation: Mechanical ventilation is inoperable to remove smoke, steam, condensation, and fumes.
  - Alternative Procedures:
    - Discontinue all cooking operations.
- Lighting: Lack of artificial lighting for personal safety, food preparation, food handling, cleaning equipment/utensils, and cleaning the premises.
  - Alternative Procedures:
    - Limit operation to daylight hours. Restrict operations to those that can be safely conducted in available natural light.
    - Provide adequate lighting using other power sources (e.g. battery-operated lantern, flashlight, etc.) if fire codes allow. Limit operation to those procedures that can be safely conducted using alternative lighting.
- Cooking Equipment: Cooking equipment is no longer functional.
  - Alternative Procedures:
    - Evaluate time and temperature of cooked foods to determine if they should be discarded. Discard TCS foods that were in the cooking or re-heating process but did not reach a safe final temperature.
    - Discontinue cooking operations.

- Hot Food Holding: Equipment for holding TCS food hot is inoperable.
  - Alternative Procedures:
    - Note the time the power outage begins. Discard all TCS food after 4 hours from being removed from temperature control (below 135° F).
    - Use an alternate heat source such as "canned heat" and monitor temperatures hourly.

      Note: If power returns within 4 hours, promptly reheat food to 165° F.
- Dishwashing Equipment: Mechanical equipment for cleaning and sanitizing utensils and tableware is inoperable.
  - Alternative Procedures:
    - Wash, rinse and sanitize utensils in three compartment sink, if hot water is still available.
    - Use single-service utensils and tableware.
    - Discontinue operations that generate soiled utensils and tableware.
- Water: The well serving the establishment no longer produces water.
  - Alternative Procedures:
    - See "Interruption of Water Service" procedures.
- Sewage Disposal: Sewage ejector pump(s) or other electrical equipment is no longer functional.
  - Alternative Procedures:
    - Discontinue all operations. Contact the local health department for alternative options.
- Electric Hot Water Heater: No hot water.
  - Alternative Procedures:
    - Restrict operation to serving only foods that do not require preparation, hand washing, or utensil washing, such as pre-packaged foods.
    - Discontinue operation until power is restored.

#### III. Recovery

Recovery involves the necessary steps for re-opening and returning to a normal safe operation. A food service operation that was ordered or otherwise required to cease operations may not re-open until authorization has been granted by the local health district.

If the location was vacated during the power outage, upon return it is possible that the refrigeration equipment may be fully functioning and the food may be at proper temperature. However, **if the** duration of the power outage and the highest temperature of the food cannot be verified, then all TCS food must be discarded. TCS Foods may still be contaminated even if they smell or look ok.

#### Key areas to consider for returning to normal operation when power is restored:

- Electricity, potable water, and/or gas services have been fully restored.
- All circuit breakers have been properly re-set as needed.
- All equipment and facilities are operating properly including: lighting, refrigeration (back to operating temperature of 41° F or below), hot holding, ventilation, water supply, sewage pumps, hot water heaters, toilet facilities, ware washing machines and hand washing facilities.
- Food contact surfaces, equipment and utensils are cleaned and sanitized prior to resuming foodhandling operations. This includes ice bins in ice machines where ice has melted during the interruption.
- Flush all water lines, change filters, etc.

**Disposal of Food**: Small volumes of food can be denatured (e.g. with bleach, a detergent or other cleaning product to render it unusable) or alternatively destroyed and placed in an outside refuse bin for removal. To discard large volumes of food, the food service operation should contact a disposal company for immediate transportation to a licensed landfill or food recycling facility.

#### **REFRIGERATED FOODS:** When to save and when to discard

| MEAT, POULTRY, SEAFOOD   | Above 40°F > 2 hours    |  |
|--|-------------------------|--|
| Raw or leftover cooked meat,   |                         |  |
| poultry, fish, or seafood; soy meat substitutes  | Discard                 |  |
| Thawing meat or poultry  | Discard                 |  |
| Salads: Meat, tuna, shrimp, chicken or egg salad   | Discard                 |  |
| Gravy, stuffing, broth   | Discard                 |  |
| Lunchmeats, hot dogs, bacon,   | Discard                 |  |
| sausage, dried beef  |                         |  |
| Pizza – with any topping   | Discard                 |  |
| Canned hams labeled "Keep<br>Refrigerated"   | Discard                 |  |
| Canned meats and fish, opened  | Discard                 |  |
| Casseroles, soups, stews   | Discard                 |  |
| CHEESES  | Above 40°F > 2 hours    |  |
| Soft Cheeses: blue/bleu,<br>Roquefort, Brie, Camembert,<br>cottage, cream, Edam, Monterey<br>Jack, ricotta, mozzarella,<br>Muenster, Neufchatel, queso | Discard                 |  |
| Hard Cheeses: Cheddar, Colby,<br>Swiss, Parmesan, provolone,<br>Romano   | Safe                    |  |
| Processed Cheeses  | Safe                    |  |
| Shredded Cheeses   | Discard                 |  |
| Low-fat Cheeses  | Discard                 |  |
| Grated Parmesan, Romano, or combination (in can or jar)  | Safe                    |  |
| DAIRY  | Above 40°F > 2 hours    |  |
| Milk, cream, sour cream,<br>buttermilk, evaporated milk,<br>yogurt, eggnog, soy milk   | Discard                 |  |
| Butter, margarine  | Safe                    |  |
| EGGS   | Above 40°F > 2 hours    |  |
| Fresh eggs, hard-cooked in shell, egg dishes, egg products   | Discard                 |  |
| Custards and puddings, quiche  | Discard                 |  |
| FRUITS   | Above 40°F<br>> 2 hours |  |
| Fresh fruits, cut  | Discard                 |  |
| Fruit juices, opened   | Safe                    |  |
| Canned fruits, opened  | Safe                    |  |
| Fresh fruits, coconut, raisins, dried fruits, candied fruits, dates  | Safe                    |  |

| VEGETABLES   | Above 40°F > 2 hours          |
|--|-------------------------------|
| Fresh mushrooms, herbs, spices   | Safe                          |
| Greens, pre-cut, pre-washed, packaged                                  | Discard                       |
| Vegetables, raw  | Safe                          |
| Vegetables, cooked; tofu   | Discard                       |
| Vegetable juice, opened  | Discard                       |
| Baked potatoes   | Discard                       |
| Commercial garlic in oil   | Discard                       |
| Potato Salad   | Discard                       |
| Casseroles, soups, stews   | Discard                       |
| SAUCES, SPREADS, JAMS  | Above 40°F > 2 hours          |
| Opened mayonnaise, tartar sauce, horseradish                           | Discard if above 50°F >8 hrs. |
| Peanut butter  | Safe                          |
| Jelly, relish, taco sauce, mustard, catsup, olives, pickles            | Safe                          |
| Worcestershire, soy, barbecue, hoisin sauces                           | Safe                          |
| Fish sauces, oyster sauce  | Discard                       |
| Opened vinegar-based dressings   | Safe                          |
| Opened creamy-based dressings  | Discard                       |
| Spaghetti sauce, opened jar  | Discard                       |
| BREAD, CAKES, COOKIES, PASTA   | Above 40°F > 2 hours          |
| Bread, rolls, cakes, muffins, quick breads, tortillas                  | Safe                          |
| Refrigerator biscuits, rolls, cookie dough                             | Discard                       |
| Cooked pasta, rice, potatoes   | Discard                       |
| Pasta salads with mayonnaise or vinaigrette                            | Discard                       |
| Fresh pasta  | Discard                       |
| Cheesecake   | Discard                       |
| Breakfast foods – waffles,<br>pancakes, bagels                         | Safe                          |
| PIES, PASTRY   | Above 40°F > 2 hours          |
|  |                               |
| Pastries, cream filled   | Discard                       |
| Pastries, cream filled Pies: custard, cheese-filled or chiffon; quiche |                               |

### FROZEN FOODS: When to save and when to discard

| FOOD   | Still contains ice crystals and feels as cold as if refrigerated | Thawed. Held above 40 °F for over 2 hours                            |
|--|--|--|
| MEAT, POULTRY, SEAFOOD   |  |  |
| Beef, veal, lamb, pork, and ground meats   | Refreeze   | Discard  |
| Poultry and ground poultry   | Refreeze   | Discard  |
| Variety meats (liver, kidney, heart, chitterlings)   | Refreeze   | Discard  |
| Casseroles, stews, soups   | Refreeze   | Discard  |
| Fish, shellfish, breaded seafood products  | Refreeze. However, there will be some texture and flavor loss.   | Discard  |
| DAIRY  |  |  |
| Milk   | Refreeze. May lose some texture.                                 | Discard  |
| Eggs (out of shell) and egg products   | Refreeze   | Discard  |
| Ice cream, frozen yogurt   | Discard  | Discard  |
| Cheese (soft and semi-soft)  | Refreeze. May lose some texture.                                 | Discard  |
| Hard cheeses   | Refreeze   | Refreeze   |
| Shredded cheeses   | Refreeze   | Discard  |
| Casseroles containing milk, cream, eggs, soft cheeses  | Refreeze   | Discard  |
| Cheesecake   | Refreeze   | Discard  |
| FRUITS   |  |  |
| Home or commercially packaged  | Refreeze. Will change in texture and flavor.                     | Refreeze. Discard if mold,<br>yeasty smell or sliminess<br>develops. |
| Juices   | Refreeze   | Refreeze. Discard if mold, yeasty smell or sliminess develops.       |
| VEGETABLES   |  |  |
| Home or commercially packaged or blanched  | Refreeze. May suffer texture and flavor loss.                    | Discard after held above 40 °F for 6 hours.                          |
| Juices   | Refreeze   | Discard after held above 40 °F for 6 hours.                          |
| BREADS, PASTRIES   |  |  |
| Breads, rolls, muffins, cakes (without custard fillings)                                       | Refreeze   | Refreeze   |
| Cakes, pies, pastries with custard or cheese filling   | Refreeze   | Discard  |
| Pie crusts, commercial and homemade bread dough  | Refreeze. Some quality loss may occur.                           | Refreeze. Quality loss is considerable                               |
| OTHER  |  |  |
| Casseroles – pasta, rice based   | Refreeze   | Discard  |
| Flour, cornmeal, nuts  | Refreeze   | Refreeze   |
| Breakfast items – waffles, pancakes, bagels  | Refreeze   | Refreeze   |
| Frozen meal, entree, specialty items (pizza, sausage and biscuit, meat pie, convenience foods) | Refreeze   | Discard  |
