

STORYBOOK TRAIL

FERNDALE PARK

About:

In 2022, there was a grand opening of the Sheffield Lake's new Storybook Trail. A portion of the Brookside Nature Trail was built through a collaborative effort. Unfortunately, while the trail has been widely popular, it was made of gravel and is difficult for strollers, wheelchairs, or wagons. To make sure the storybook trail can continue to be used by all, Sheffield Lake used the Healthy Places Grant to:

- Install an asphalt expansion as the entrance of the new Storybook Trail

The trail can now service the community for years to come, as families spend time engaging in healthy activities and walking around while enhancing literacy as well.
