

Protect your friends and family from COVID-19.

You can still spread the virus to friends and family members who live outside your household. Protect the people you love - neighbors, grandparents, or cousins.

Continue following guidance at parties, BBQ's, weddings, quinceañeras, and even funerals.

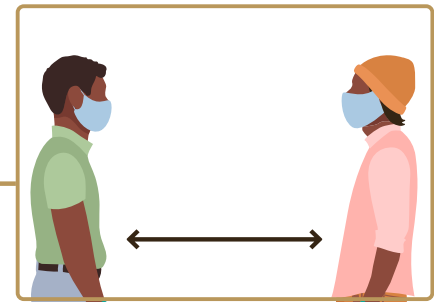

Even when with family and friends...

Wear a face covering.

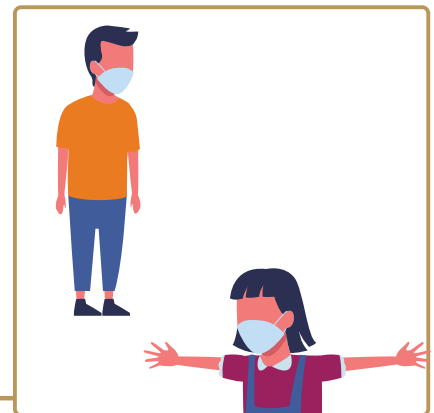

**Keep 6 feet away from others.
Avoid hugs and kisses.**

Limit size of gatherings.

Stick to smaller gatherings - aim for 10 people or less. Have people bring their own supplies and avoid sharing things like serving spoons, food, and drinks.
